West Virginia And the U.S. Department of Veterans Affairs

General Information

The Department of Veterans Affairs (VA) offers a wide variety of programs and services for the nation's 23 million veterans. In 2009, about 5.75 million people were treated in VA health care facilities, 3.9 million veterans and survivors received VA disability compensation or pensions, more than 564,000 used GI Bill education benefits and nearly 326,000 home loans were guaranteed by GI Bill home loan benefits. VA issued nearly \$162,053 million in Post-9/11 GI Bill benefit payments to 34,393 individuals and their educational institutions in 2009. Nearly 78,127 veterans took advantage of VA's vocational rehabilitation and employment service, and nationally, veterans held more than 1.2 million life insurance policies valued at \$14.6 billion in 2009. More than 106,000 veterans and family members were buried in VA's national cemeteries and more than 360,000 headstones and markers were provided for veterans' graves worldwide.

Health Care

One of the most visible of all VA benefits is [health care](#). VA has 153 hospitals, 773 community-based outpatient clinics, 260 Vet Centers, 135 nursing homes, 47 residential rehabilitation treatment programs and 121 comprehensive home care programs. To improve patients' ability to access care, VA has changed from a hospital-based system to a primarily outpatient-focused

system over the past decade. Veterans will make more than 60 million outpatient visits to VA health care facilities this year.

Post-Conflict Care

VA has launched special efforts to provide a "seamless transition" for those returning from service in [Operations Enduring Freedom and Iraqi Freedom \(OEF/OIF\)](#). Each VA medical facility and benefits regional office has a point of contact to coordinate activities locally to help meet the needs of these returning combat service members and veterans. In addition, VA increased the staffing of benefits counselors at key military hospitals where severely wounded service members from Iraq and Afghanistan are frequently sent. Once home, recent Iraq and Afghan veterans have ready access to VA health care, which is free of charge for five years following separation for any health problem possibly related to wartime service. Some 537,000 veterans from the conflicts in Iraq and Afghanistan have sought VA health care since returning stateside, about 47 percent of the total number of men and women leaving military service.
